- The wonderful Blue Row Cottage now gives us wonderful memories of the beautiful sceneries of the Cotswolds. It has got everything we needed, it's comfortable, charming and up to date, and we slept very well after a day of sightseeing. Due to the wonderful weather, sunshine throughout the day, we sometimes ate our lunch in the peace and quiet of its garden. One day we will be back for another wonderful week. 21 August 2014 P family, Belgium
- We had a wonderful week here and we would have enjoyed another week! There are SO many things to see! Windsor Castle is well worth going to. Oxford is gorgeous and going there by train from Banbury is very convenient. We also spent one day in London (again by train from Banbury) The Slaughters and Bourton on the Water are very nice villages. D family, Bordeaux, France, 9 August 2014
- We had two wonderful weeks here in Blue Row Cottage. We love the cottage and the garden! The weather was fantastic and we made nice trips in the area like Oxford, Fairy Tale Farm, Stratford, Gulliver's Park, and more. Thank you very much. Maybe we will come back one day. - Perfect weather and location for our exploration of the Cotswolds. Idyllic garden, daisy filled lawn, roses, blackbirds and robins. History of the cottage fascinating. Excellent information pack sent out and in the folder here. We all thoroughly enjoyed spending time here. W family, Berlin, Germany 13 June 2014
- We had a fantastic time here in this beautiful cottage. It is so peaceful here. The children love walking in the fields and visiting the cows and horses. The play park in the village was great for the children. The Grange Farm shop, open at the weekends, is great for fresh croissants and free-range eggs. Everyone enjoyed the Butterfly Farm at Stratford. Thank you for such a wonderful stay. P and J family, Kent and London 30 May 2014

- The week started with rain but ended with sun and 15 degrees C. We had a really great week here. The cottage is very cosy, comfortable – perfect in our eyes! We went to Oxford, Blenheim, Woodstock, Stow, So much to see. We enjoyed every minute, every cream tea, every little town, church – This is our 4th visit to the UK and it's certain we will come back! How we shall miss the bird songs in the morning –(say the girls). . Me-Co family Ingermunster Belgium. 12 April 2014
- Thanks for sharing your wonderful and lovely cottage with your guests. It ' breathes' the spirit of this country, but with all the luxury we are so addicted to. We enjoyed our trips to Stratford-upon-Avon, Warwick Castle, the Malvern Hills and Adelstrop. Today we did the walk to Chastleton (available in the cottage). Spring was in the air (15 degrees C!) It was so nice!! It's with pain in the heart that we leave the island again to return to our flat country. But we have a suitcase full of great memories and we will certainly return next year to the UK. Thanks so much for the hospitality. 8 March 2014 Mi-CI family, Gent, Belgium
